SUMMARY

Building AI to empower knowledge workers in high-judgment domains like law, finance and consulting.

EXPERIENCE

Microsoft
Applied Scientist II 2026-

- Designed evaluation and experimentation systems for Copilot in Office
- Consulted on strategic initiatives for translation of AI science into product
- Served as lead scientist on a project for VP of Eng with legal/accessibility considerations & trained 4 testers

Stanford Law School
AI Engineering Fellow 2025-2026

- Led 9-person team from Stanford, Harvey, Snorkel AI with 50 lawyers to develop a judgment benchmark
- Gave talks about quality in legal AI at Cambridge Business School and Snorkel AI Frontier Data Summit
- Built a product prototype for spinout and drove demos to Biglaw partners and VC partners

Independent Consultant
Contract Scientist & Science Writer 2022-2023

- Recent engagement: ~1000 billed hours over 1.5 years to a test prep firm developing mock MCATs

Citadel, *Trading Intern* 2024
KKR, *Summer Analyst* 2023
Johnson & Johnson, *Robotics Data Science Co-op* 2022
Stanford University School of Medicine, *Research Intern then Data Analyst* 2019-2020

EDUCATION

Yale University
BS in Electrical Engineering and Computer Science, Molecular Biophysics and Biochemistry

- Tau Beta Pi Engineering Honor Society (President), Yale Undergrad Orgs Funding Committee (Director), Yale Real Estate Group (Senior Advisor), Sigma Chi Fraternity (Philanthropy Chairman)

SERVICE

Yale Advisory Committee on Investor Responsibility 2022-2024

- Served 2-year term on 8-person body making stock voting recommendations for Yale endowment

American Statistical Association Committee on Scientific Freedom and Human Rights 2023-

- Led investigation of statistics and data science book bans, drafting statement approved by Board

Yale Undergraduate Organizations Funding Committee 2022-2023

- Hired and led 16 student employees to distribute $400,000 to Yale student clubs as Director
